

CUSS WORDS

Cuss Words are neither good or bad, they just take us out of the natural flow of life. For this workshop today and the future, we are in a cuss free Zone. This is a Holy Place. Are you willing to refrain from using Cuss Words?

If the answer is yes, then to support you in this conscious action, To remind myself of cuss words, I am willing to pay John Meluso Jr. during the workshop and the Y.O.U. for the following three months 25 cents per cussword. Do you agree? _____
